DESCRIPTION / VENUE INFORMATION

This is a lovely modern church which seats approx 500 people. It has a large foyer and reception room where lunch is served. The seating is tiered so that everyone gets an excellent view of the stage and the acoustics are excellent but note that because of this there are a number of steps apart from the back row.

PARKING

Parking is available within the church grounds and you are able to drive up and drop off right at the front door under an awning but are not able to park there. The carpark is slightly sloping but the venue itself has easy access with no stairs to get in.

MOBILITY ACCESS

Access through the front door is best for those on walkers or in wheelchairs (See note above). The church has a number of steps as there is tiered seating so you need to get there early if you require a back row seat and wish to avoid stairs. That means about 10.20 at the latest as these seats go very quickly! Wheelchair and walker access to the theatre are in the back row only, this area is reserved for people unable to negotiate the stairs.
